

Board Oversight of Strategy (STRATEGY)

Application for Admission

COURSE OVERVIEW

This course will help directors successfully engage in the strategic oversight process. Developed in partnership with CPA Canada and based on CPA Canada’s *Overseeing Strategy: A Framework for Boards of Directors*, participants will learn how to apply the four-phase framework, when to get involved and how to effectively participate in board oversight activities in different situations and business environments.

The course will be taught by Ken Smith, co- author of the CPA Framework.

LEARNING OUTCOMES

This course exposes participants to a framework for the oversight of strategy, specifically they will:

- Understand why director engagement is necessary at each phase of the strategy development and implementation process.
- Learn how to engage in typical and appropriate director oversight roles, activities and key steps at all stages of the strategy oversight process.
- Identify questions, red flags and issues important to each stage of the strategy oversight process.
- Effectively participate in director oversight activities and ask the right questions in different situations reflecting different business environments (i.e. growth, new competition and an emerging problem).
- Understand how the strategy oversight framework can be applied to their own organizations.

WHO WOULD BENEFIT? WHO SHOULD ATTEND?

- Directors of private for-profit and publicly-listed companies
- Directors of medium and large not-for-profit organizations, Crown corporation, and public ABCs
- Graduates of the ICD-Rotman Directors Education Program; or
- Experienced business executives who have just joined a board and/or are considering director roles.

* Please note that this is not an open-enrollment course, and ICD reserves the right to limit admission to applicants with an appropriate level of experience. Space is limited and there is no guarantee of admission into the course.

COURSE FORMAT

The course will utilize a combination of pre-readings, lectures and breakout group discussions in a series of modules tied to case studies and drawing from the CPA Framework.

Participants will be provided with a copy of the CPA Framework and a case study as pre-readings for the course. The CPA Framework will provide participants with a foundational guide to strategic oversight while the case study will enable participants to test their application of the framework to a well-known, real-life business case.
